DETAILED ACTION

Election/Restriction

Applicant's election (Paper No. 10), without traverse, of the claims of Group I (claims 1-16) and the first species of claim 4 as the Group and species, respectively, for prosecution is acknowledged. Claims 17-31 are withdrawn from consideration. The restriction/election is hereby made FINAL.

Allowable Subject Matter

The elected species and its obvious variant have been searched and are deemed free of the prior art. The obvious variant is defined as the second species of claim 4. The search was therefor expanded as called for under current Office Markush practice (a compound by compound search) to include a single additional species. That species is defined by the formula appearing in claim 1 when : E=B=C₁ alkyl; A=C₂ alkenyl. A rejection follows.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 1621

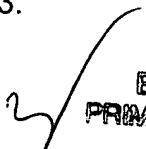

Claims 1-16, in so far as they read on the single additional species defined above, are rejected under 35 U.S.C. 102(b) as being anticipated by US 3,773,833 (Henrici). The reference teaches applicant's compound (claim 3 where $n=4$).
